Sept 8 – First day back

Sept 30- CEFA Fun Day – *Comfy Day*

Your child's schedule:

The beginning of a school year is a busy, busy time for families and teachers alike and we gratefully ask that you keep this in mind when adjusting to the new routine. In the same manner please remember that your children are working, learning and being stimulated for many hours each day and you may notice that they are more tired in the evenings or in the mornings. Because we have noticed this in the past, we are pre-emptively suggesting that if you see this happening, you might like to look at shortening the length of your child's school day or providing more hours of rest. Our classroom could be very fast-paced and stimulating and while we do not intend for the children to miss activities as a result of going home too early, we can say that the core of our academic program is taught between 9:00 am and 4:00 pm. If at all possible, we suggest that your child's day be no longer than 8 hours and preferably within that time frame.
