This month's STEM challenge: Straw Rockets

Monthly update from the Teachers:

*We hope that everyone had a wonderful and safe Halloween!
With the colder weather coming please have the appropriate clothing for your child to go outside daily, and please let the teachers know if there are certain items you would like on your child for outside. ☺*

Socials: Community Helpers

We will be discussing all the people who make our communities safe and make them work! We will learn about what each person's job entails and how we can be a community helper in our school and in our neighborhoods, and so on!

I Can Read Program:

We are very excited to continue our Reading at Home Program. Our "Parents Partners in Reading Club" book can be found in your child's art file.

To expose the children to more books and frequency in reading we challenge each family to 200 nights of reading! You can choose to read a story to your child or they can read one to you.

Every time 50 nights is completed; your child will return their book to their teachers and get to select a prize. Good Luck!
