ECE Assistant position

We are looking for exceptional, engaged, excited and dedicated ECE Assistant Teachers who have a passion for working with young children. The teacher applicant shall be knowledgeable in early childhood learning theories, teaching strategies and have training in classroom management and guidance.

Successful candidates will bring to our classrooms the enthusiasm and the creativity that children need to develop, along with great disposition, great communication and organizational skills, a creative individual, very loving, resourceful, and independent who has a positive outlook and attitude in life.

About Us:

The CEFA educational system at Core Educational & Fine Arts (CEFA) Junior Kindergarten is one of today's leading approaches to educating young children. Its rich academic content is designed to stimulate the child in many different ways, to optimize the natural development of the child's brain. This wonderful approach facilitates learning experiences for children in areas such as mathematics, reading, writing, drama, science, visual arts, music, yoga and many more. It is based on the belief that children must be given the opportunity to learn and exercise their intellect in various forms, such as the expression of their creativity, reasoning, and sequential thinking. In the CEFA environment, children have ample time to learn, play and express themselves in creative ways. Our full day early learning and junior kindergarten programs at our schools are far beyond the typical childcare programs found throughout Canada.

Responsibilities:

- Develop and implement a high-quality program, in line with the CEFA curriculum, that supports and promotes the physical, cognitive, emotional, and social development of all children.
